January 20, 2023

Greetings,

The Maine Water Environment Association, Green Mountain Water Environment Association, and New Hampshire Water Pollution Control Association are proud to announce the 14th Annual Ski Day at Loon Mountain located in Lincoln, NH on March 17, 2023. This event is a great opportunity for members of all Associations to network and exchange information face-to-face while having fun on the slopes.

Maine Water Environment Association and New Hampshire Water Pollution Control have been collaborating on Ski Day for many years. This year, we are both pleased to announce that Green Mountain Water Environment Association will also be joining us at Ski Day. This event has proven to be a great way to expand network possibilities within our wastewater communities and we get to celebrate all three associations with a wonderful event at Loon Mountain!

Our Associations and our members will be grateful if you can help sponsor the Ski Day event. Your sponsorship will help cover costs for the lunch and après ski beverages and hors d'oeuvres to make this an enjoyable and memorable event. A sponsor board featuring the names of all the sponsoring companies will be prominently displayed at all gatherings, as well as on MEWEA's website.

Sponsorship

Sponsorship - \$200

Includes recognition at all events and logo displayed on the website

Sponsorship includes one lift ticket, coffee and pastries, lunch, and après ski beverage and hors d'oeuvres.

If you are interested in being a sponsor, please complete the attached form enclosed and return by March 10, 2023. Also, please email any logo/promotional slides in high resolution .tif or .eps format or MS PowerPoint format to Stacy Thompson by March 10, 2023, at sthompson@sacomaine.org.

If you require additional information, please contact Stacy Thompson at (207) 282-3564.
