

JOB OPENING

Old Town Pollution Control Assistant Operator / Mechanic

The City of Old Town Pollution Control Facility is seeking an Assistant Operator / Mechanic. Assistant operators are involved in all aspects of the wastewater system. General wastewater experience is preferred. The successful candidate will be required to be on call and perform week-end duty every third week. Before hire the successful candidate must pass a pre-employment physical. A complete job description is available upon request or may be picked up at the Pollution Control Facility. The position will remain open until it is filled. We are an equal opportunity employee and service provider.

Please submit resume to: dsmith2@old-town.org or call David Smith at 827-3970
