

Systems Operator II

The City of Westbrook is seeking a Systems Operator II to work in the Waste Water Division of the Public Works Department.

You would be performing a variety of maintenance and construction tasks related to public works, particularly in the area of sanitary sewer collection systems, operating all trucks, and being proficient in the operation of the Flush-Vac unit, front end loaders, snowplow, and various types of light equipment and hand tools. Participation in snowplowing and snow removal operations is required. Knowledge of performing inspection of lift stations, minor repairs to pumps, motors and related equipment is a plus.

The ideal candidate will possess a valid State of Maine commercial driver's license, Class B with a Tank endorsement or an ability to obtain one, as well as the ability to obtain and maintain a Grade II level of the Voluntary Collection Systems Certification.

Salary Range: \$21.13 to \$22.29 depending on experience and/or certification.
